## **Annual Meeting Survey**

...

51 East Water would like your opinion on the format of the annual meeting to be held this November 16<sup>th</sup>.

Traditionally we have held a meeting and catered dinner at the Fairgrounds Expo Center for all members wishing to attend. Members present could vote on Board of Directors and corporation business items followed by a catered dinner and the opportunity to speak with the General Manager.

Last year, due to COVID-19 concerns we held a “drive-thru” meeting at the corporation office parking lot. Members were able to drive-thru, receive a small information packet, vote for Board of Directors, and speak with the General Manager and Board Chair. Attendees received a small credit to their water bill to thank them for their participation.

Due to success and positive feedback from last year, the Board is considering a drive-thru meeting again this year utilizing the Expo Center parking area to accommodate a steady flow of traffic and allow better organization, or a return to the traditional format with catered sit-down dinner and meeting.

**Please let us know your opinion on the format you prefer by calling the office 405-372-1151, or e-mail [51east@51erwi.com](mailto:51east@51erwi.com).** We appreciate and value your input.

## **Water Pressure and Source Adjustments**

...

We have reopened some of our connections from Lone Chimney Water Association, and are slowly adjusting pumps and pressure valves to adjust pressures across the system. This will be an ongoing process and likely take several months until we achieve the best balance of pressure and water source quality for the system. The additional sources of fresh water will allow us to provide fresher water to our members with less line flushing required and achieve a better balance of water pressures system-wide.

## **ALERTS for Leaks, Outages, Maintenance affecting water service**

...

Sign up for our automated alert system to receive text or e-mail notification of factors that may affect your water service such as leaks or line maintenance. Call the office at 405-372-1151, or visit our web page [www.51erwi.com](http://www.51erwi.com) and click on the “Sign Up For Alerts” button. You may choose to receive alerts via text, e-mail or both.

If your phone number or e-mail has changed, you will need to subscribe the new number and e-mail. Please also contact the office to update us with the new information.

## **Update Your Contact Information**

...

Have you recently changed phone numbers or e-mail addresses? Please contact our office to let us know about any contact changes.
